

CERTIFICATE OF PARTICIPATION

I hereby certify that

Aamil Farooq

INTUIT

attended the 2nd Cyber-Physical Systems Symposium (CyPhySS), held at the Indian Institute of Science on 11 and 12 July 2018.

The Symposium featured the following talks:

- Self-driving vehicles: The road ahead
- Autonomous vehicles as 3rd living space: Challenges driven by usability and user experience
- Security and privacy in cyber-physical systems
- Reinforcement learning for control of unknown autonomous systems
- Smart City initiatives based on engineering of cyber-physical systems and application of Artificial Intelligence techniques
- Magnetic swimming microrobots: From individual control to swarming behavior
- Fantastic voyage: Designing self-powered nanobots
- Architectures and algorithms for the future Internet of Things
- Self-programming networks: Architecture and algorithms

Prof. Bharadwaj Amrutur
Symposium Co-Chair
